Petitioner alleges that she suffered Guillain-Barré syndrome (“GBS”) as a result of an influenza (“flu”) vaccine that was administered to her on November 17, 2018. Petition at 1. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On September 6, 2022, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent’s Rule 4(c) Report at 1. Respondent further agrees that this case was timely filed, that the vaccine was received in the United States, and that Petitioner satisfied the statutory severity requirement. *Id.* at 9-10. In view of Respondent’s position and the evidence of record, I find that Petitioner is entitled to compensation.
